

Price your item.

\$ 63.00

- \$100
- \$150
- \$200
- \$250

This will give sellers a better idea of what you're looking to spend. This way they can propose what's fit within your price range perfectly.

You have the possibility to set a fresh price each time you are sending a proposal for a request.

Next : Tags

Almost done, let's set some tags.

Tags help categorize your request, making it easier for sellers to find and match your needs.

Brand ^

- Apple
- Samsung
- Google
- Xiaomi
- OnePlus
- Huawei
- Sony
- LG
- LG
- Nokia
- Motorola
- Oppo
- Vivo
- Microsoft
- Lenovo
- Asus

Operating System v

Storage Capacity v

Choose a category.

Clothing v

High-Tech ^

- Laptops
- Smartphones
- Televisions
- Peripherals
- Consoles
- Music

Home & Furniture v

Sport v

Automotive v

Real Estate v

Health & Beauty v

Books & Media v

Then, let's name your item.

Mercedes C220|

21 / 46 max characters.

This helps your request stand out to the right sellers. It's the first thing they'll see, so make it count. You can also add extra details later in the upcoming steps.
